

MACAWESOME

THE MESOAMERICAN SCARLET MACAW

Storyboard Dr Nicholas Hellmuth

Illustrations Vivian Diaz

But the movie RIO and RIO II
was focused on distant relatives,
the blue macaws from Brazil.

I am NOT BLUE, I am scarlet
and yellow and white eye areas.

I also like the animal characters
of the movie ICE AGE.

But too cold for me there.

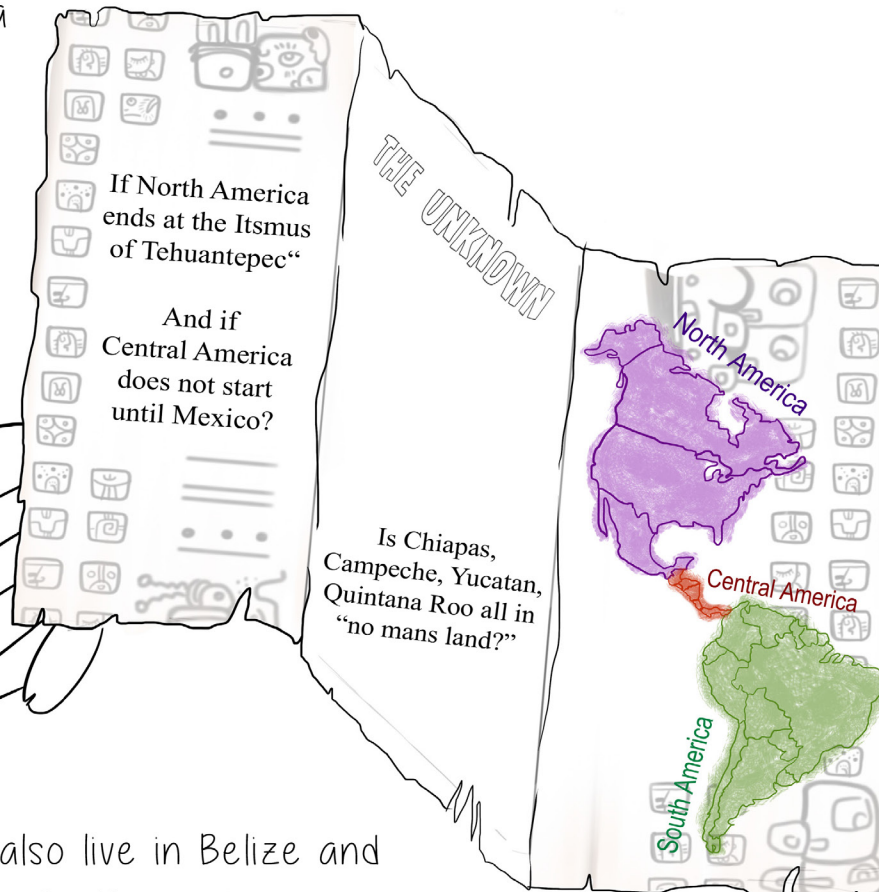

I prefer the Neotropical seasonal rain
forests of Chiapas, Peten, and Belize.

But I admit that I prefer to live fewer years and be FREE to fly around outside over the jungle rivers and lakes

90% of web sites stay Central America starts with Guatemala (and goes south through Panama).

I also live in Belize and Southern Mexico

We Scarlet Macaws enjoy flying around
the seasonal Tropical Rainforest
from Central America
