

# What is the difference Between PIGS and PECCARY?

Storyboard: Dr. Nicholas Hellmuth  
Illustrations: Rosa Sequen

Professor Peccary gives a lecture to the pumas  
on the true nature of peccaries  
(to show that a peccary of Guatemala is NOT a “wild pig”).

Professor Puma says that his students  
should eat peccary.

But he confuses the peccary with PIGS, and says that  
peccary are dirty and the puma students will need to  
clean them thoroughly before trying to eat their yummy flesh.

Join our peccary and puma  
(cougar) characters for adventures  
in the

Mayan jungles of Guatemala.
