## A SPECIAL MAYA BEE

Explains personal  
characteristics  
to allow you to  
Succeed

**INITIATIVE,  
COMMITMENT,  
DETERMINATION  
& PERSEVERANCE**

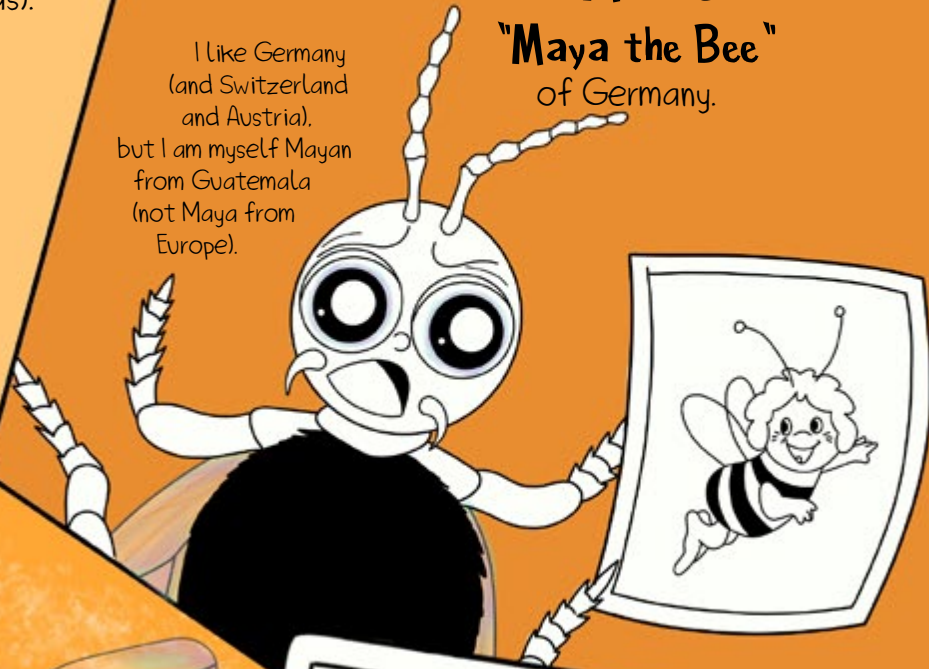

I am a **MAYA BEE**  
of Guatemala.  
I am proud to be from  
Guatemala (and Mexico  
and Honduras).

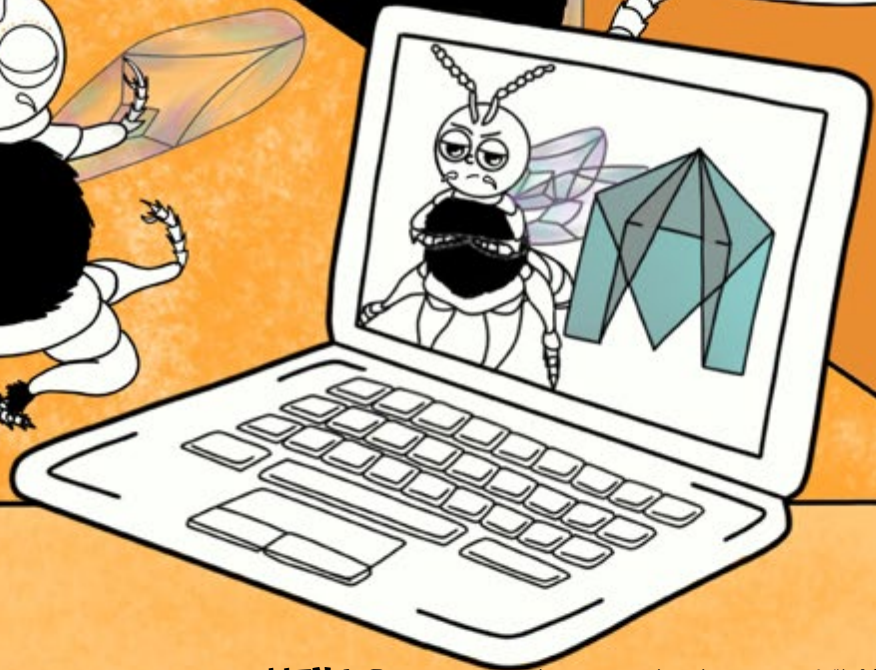

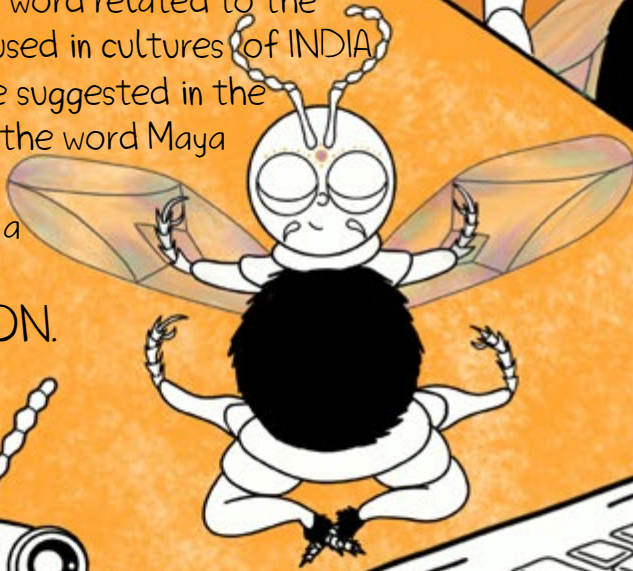

My name is Trigona  
I am a Maya Bee  
But

**I AM NOT**  
"Maya the Bee"  
of Germany.

I like Germany  
(and Switzerland  
and Austria),  
but I am myself Mayan  
from Guatemala  
(not Maya from  
Europe).

**MAYA** is also a word related to the  
SANSKRIT word used in cultures of INDIA.  
Many people have suggested in the  
cultures of India the word Maya  
may refer to  
Illusion, which is a  
nice concept for  
3D ANIMATION.

**WHEN I Google** anything with the word "MAYA",  
I get returns for the nice 3D ANIMATION software from the  
well known company AutoDesk

**AS A**  
**MAYA BEE**

It is usually considered that Maya the  
3D ANIMATION software comes from  
the SANSKRIT word from INDIA.

I am going to work hard to  
become a culture hero around the world.  
It is important that people know about my  
Neotropical world here in Guatemala and how much it  
could assist if people would help preserve my eco-system

So far my
