MAYAN TOONS

So Dawn decides she wants the deer of the Mayan people to become even **more famous than Bambi.**

Most Mayan vases
which sow Mayan hunters carrying home
the deer they have killed.
These are almost always the white-tailed deer
(never or rarely the brocket deer)

There are **two species of deer** in Guatemala.

Red brocket deer, *Mazama Americana*, and white-tailed deer, *Odocoileus virginianus*.

This map shows where you can find the

# white-tailed deer.

Dawn, the Mayan Deer of 2000 years ago, will invite you to learn about her adventures in the fields and forests of Guatemala.

MayanToons are produced by the 100% Guatemalan team of FLAAR Mesoamerica, coordinated by FLAAR (USA).
